PerfectEdge Anti-Slip

PerfectEdge Laminated Glass is museum-quality laminated safety glass, for projects with exposed edge requirements (guardrails, stair treads, glass fins, etc).

Perfect Edge Glass is produced as multi-layer laminates; bent glass; printed glass; in custom shapes and is fully fabricated, ready to install.

Technical Highlights

Maximum dimension	: 94 ½ x 472"
Maximum bent / curved	: 94 ½ x 165"
Maximum thickness	: > 6" & > 6 layers
Digitally printed	: 94 ½ x 314"
Screen-printed	: 94 ½ x 236"

*The above dimensions are subject to confirmation of glass thickness, over-all glass size, bending radius, etc.

PerfectEdge Glass far surpasses all industry tolerances with zero laminate spillage and virtually zero lamination displacement. PerfectEdge Glass is the finest laminated glass available in market.
